Subject : Submission of final report

Respected Sir,

I Joined the esteemed National Commission For Protection Of Child Rights as an intern on 24<sup>th</sup> July 2013 under his expert guidance and cheerful nature; I could seek his guidance and support redressing of any issue and at any time that I wished to. The journey thereon has been quite a learning experience. I was lucky enough to have the honored mentorship of Mr. Vinod kumar Tikoo, hon'ble member of the commission. I was overawed with his vision, rich experience and expertise in varied fields and especially with regards to protection of child rights' not only gained in the subject matter but also delved confidence for eradication of this of this abuse under his able guidance and supervision. These two months in the commission has been really an experience which will help in improving the lot of the society in times to come.

I was given an opportunity to have an overview of the complaint file of POCSO; it gave me insight in understanding the perception and working of the commission as also understanding the manner in which the children in the country are facing these kinds of problems. Analyze the ATRs in terms of the variation between the instruction issued by the Commission and actions taken. It constituted the major learning in my entire as an intern as it gave me a sneak peek into the working of the Commission. It also provided me an opportunity to understand the hierarchy, purpose, functioning and direction of the commission.

I had a wonderful experience under the stewardship of Mr.Paresh Shah and Ms Shaista Khan and with Mr Chandan Barman and Ms Priyanka konsam. They were very supportive, patient and helpful in clearing all auras of my doubts during the course of my internship in the commission.

I had chance to participate and assist Mr.Paresh Shah,STE for the workshop on substance abuse among children 2013 at Manipur on 22nd and 23rd August, 2013. I assisted him in maintaining the list of Vip/invitees and calling them up, taking their confirmation to ensure their participation in the event organized by the commission. It appeared to be very normal job, but required full involvement understanding decision taking and inculcating in one the leadership qualities. This workshop helped in latent learning in the form of helping me realize the crucial role play by stakeholder that could help eliminate substance abuse that included not only various Ministries/Depts./NGO'S/Civil Society and dignitaries who matter in working for the cause of eradication of substance abuse among children. I learnt organizing, managing, disciplinary and time management skills to know how an event of such a scale and magnitude is

taken care of. I am grateful to Mr. Paresh shah for guiding me diligently at every stage of the event.

During the last month of internship I worked under Ms Shaista Khan and Ms Priyanka Konsam in the commission. It was a great experience working under them. I also prepared the list of government institution as well as private for the event of capacity building program. I extend my heartfelt gratitude to Mr. Vinod Kumar Tikoo other member of the staff of the commission and support staff for their contribution in enhancing my knowledge, perception development attitude towards understanding aims objectives and functioning of the commission.

At the end, in the tenure of two months internship with NCPCR. I have developed a rapport with the commission and its people. Hope to continue my allegiance to the Commission in future if given an opportunity.
